Introducing Income Pay ProSM, a retirement “paycheck” that lasts a lifetime

Income Pay Pro is a new fixed index annuity for guaranteed lifetime income with an embedded guaranteed lifetime withdrawal benefit (GLWB) rider¹

- **Guaranteed lifetime income²** backed by an A+ rated³, service focused company.
- **Guaranteed GLWB rider features:**
 - **Lifetime Payment Amount (LPA)** - level or increasing
 - **LPA reserve⁴** - defer all or a portion of each LPA for future needs.
 - **Nursing home multiplier⁵** - double LPAs when your clients need it most
- Strong accumulation and growth potential with index options from **Morgan Stanley, Fidelity, and S&P.**

1. The embedded guaranteed lifetime withdrawal benefit (GLWB) rider includes a rider charge of 1.15% of the GLWB value, deducted as a partial surrender from the accumulation value on each contract anniversary while the rider is in effect. 2. Lifetime income refers to guaranteed payment of Lifetime Payment Amounts (LPAs) as defined in the GLWB Rider included in this contract. It does not refer to interest credited to the contract. Advise clients to consult with their own tax advisor regarding tax treatment of LPAs, which will vary according to individual circumstances. 3. A.M. Best is a large, third-party independent reporting and rating company that rates an insurance company on the basis of the company's financial strength, operating performance, and ability to meet its obligations to policyholders. S&P Global Ratings is an independent, third-party rating firm that rates on the basis of financial strength. Ratings shown reflect the opinions of the rating agencies and are not implied warranties of the company's ability to meet its financial obligations. The ratings apply to North American's financial strength and claims-paying ability. A) A.M. Best rating affirmed on July 29, 2022. For the latest rating, access ambest.com. B) Awarded to North American as part of Sammons® Financial Group Inc., which consists of Midland National® Life Insurance Company and North American Company for Life and Health Insurance®. C) S&P Global rating assigned Feb. 26, 2009 and affirmed on May 25, 2022. D) Fitch Ratings, a global leader in financial information services and credit ratings, on Dec 7, 2022 assigned an Insurer Financial Strength rating of A+ Stable for North American. This rating is the fifth highest of 19 possible rating categories. The rating reflects the organization's strong business profile, low financial leverage, very strong statutory capitalization and strong operating profitability supported by strong investment performance. For more information, access fitchratings.com. 4. The LPA Reserve refers to any year after the client has elected the LPA, they can choose to take less than the full LPA. At the end of the contract year, the portion of LPA that is not taken will be placed in the LPA reserve subject to the maximum LPA reserve. The LPA reserve value is available to be taken as a lump sum at any time or periodically withdrawn until depleted. See product brochure for further details and limitations. 5. The Nursing Home Multiplier (known as the LPA Multiplier Benefit in the contract) requires a 2-year minimum wait period and can be paid out for a maximum of five annual payments as long as the client continues to meet the requirements on each payment. Confirmation that the client continues to meet the requirements will be required on an annual basis. Certain conditions and limitations apply. See contract for complete details.

Annual Point-to-Point with Index Cap Rate	S&P 500*	10.00%	9.00%

1. Known as a strategy fee annual percentage in the contract. In exchange for the charge, an enhanced participation rate is received. The charge is multiplied by the number of years in the crediting term and is deducted once each term from the accumulated value allocated to the enhanced participation rate method. The charge will be deducted once each term at the earliest of any partial withdrawal that exceeds the penalty-free amount, a full surrender or the end of the term. The strategy charge will be deducted regardless of the interest credited to the contract and can lead to loss of premium in certain scenarios. Strategy charges are considered a partial surrender outside of the available penalty-free amount and for purposes of the return of premium feature will reduce the net premium accordingly.

The NAC VersaChoiceSM is issued on base contract form NA1012A/ICC17-NA1012A.MVA or appropriate state variation including all applicable endorsements and riders by North American Company for Life and Health Insurance®, West Des Moines, IA. Product and features/options may not be available in all states or appropriate for all clients. See product materials and state availability chart for further details, specific features/options, and limitations by product and state.

Issued by North American Company for Life and Health Insurance®

New business guidelines

Interest rates and interest credit factors (“rates”) can change after we receive applications and before we receive the premiums. In order to qualify for a rate hold, the following must occur:

Fixed index annuities (FIAs)	Must receive premium within 45 days of application received date.	Rate will be based on more favorable rates between: <ul style="list-style-type: none">• application received date• premium received date
Multi-year guarantee annuity (MYGA)	Must receive premium within 60 days of application signed date.	Rate will be based on more favorable rates between: <ul style="list-style-type: none">• application signed date• premium received date

If the 45th or 60th day falls on a weekend or holiday, the premium must be received on the business day before the weekend or holiday.

Rate hold only applies for the first contract year/or crediting period (first guarantee period for MYGA). For FIAs, in **subsequent contract years**, rates will be declared on the contract anniversary and will align with the effective date of the contract.

FOR FINANCIAL PROFESSIONAL USE ONLY. NOT TO BE USED FOR CONSUMER SOLICITATION PURPOSES.

Annuity interest rates effective Jan. 10, 2023

Issued by North American Company for Life and Health Insurance®

Disclosures

Fixed index annuities are not a direct investment in the stock market. They are long term insurance products with guarantees backed by the issuing company. They provide the potential for interest to be credited based in part on the performance of specific indices, without the risk of loss of premium due to market downturns or fluctuation. Although fixed index annuities guarantee no loss of premium due to market downturns, deductions from the accumulation value for optional benefit riders or strategy fees or charges associated with allocations to enhanced crediting methods could exceed interest credited to the accumulation value, which would result in loss of premium. They may not be appropriate for all clients. Interest credits to a fixed index annuity will not mirror the actual performance of the relevant index.

Premium bonus: Premium bonus may vary by annuity product, premium band and surrender charge period selected and may be subject to a premium bonus recapture. Products that have premium bonuses may offer lower credited interest rates, lower index cap rates, lower participation rates and/or greater index margins than products that don't offer a premium bonus. Over time and under certain scenarios the amount of the premium bonus may be offset by the lower credited interest rates, lower index cap rates, lower participation rates and/or greater index margins.

Surrender charge: A surrender during the surrender charge period could result in a loss of premium. Surrender charge structure may vary by state.

***GLWB:** GLWB bonus and GLWB stacking roll-up credit are not applied to the accumulation value, only to the GLWB value, which is used to determine the lifetime payment amount. The GLWB value is not available for withdrawal, surrender or as a death benefit. There is no GLWB stacking roll-up credit in years when a withdrawal is taken or lifetime income payments have been elected. GLWB stacking roll-up credit is available if a required minimum distribution (RMD) is required.

Index accounts: Crediting methods such as index cap rates, participation rates, and index margins apply to index accounts only; not to the fixed account. Crediting methods and indexes are not available on all products or in all states.

The Fidelity Multifactor Yield IndexSM 5% ER (the "Index") is a multi-asset index, offering exposure to companies with attractive valuations, high quality profiles, positive momentum signals, lower volatility and higher dividend yield than the broader market, as well as U.S. treasuries, which may reduce volatility over time. Fidelity and its related marks are service marks of FMR LLC. Fidelity Product Services LLC ("FPS") has licensed this index for use for certain purposes to North American Company for Life and Health Insurance (the "Company") on behalf of the Product. The Index is the exclusive property of FPS and is made and compiled without regard to the needs, including, but not limited to, the suitability needs, of the Company, the Product, or owners of the Product. The Product is not sold, sponsored, endorsed or promoted by FPS or any other party involved in, or related to, making or compiling the Index. The Company exercises sole discretion in determining whether and how the Product will be linked to the value of the Index. FPS does not provide investment advice to owners of the Product, nor to any other person or entity with respect to the Index and in no event shall any Product contract owner be deemed to be a client of FPS.

Neither FPS nor any other party involved in, or related to, making or compiling the Index has any obligation to continue to provide the Index to the Company with respect to the Product. Neither FPS nor any other party involved in, or related to, making or compiling the Index makes any representation regarding the Index, Index information, performance, annuities generally or the Product particularly.

Fidelity Product Services LLC disclaims all warranties, express or implied, including all warranties of merchantability or fitness for a particular purpose or use. Fidelity Product Services LLC shall have no responsibility or liability whatsoever with respect to the Product.

Morgan Stanley Dynamic Global Index (the "Index") is the property of Morgan Stanley & Co. LLC.

Any product that is linked to the performance of the index is not sponsored, endorsed, sold or promoted by Morgan Stanley & Co. LLC, or any of its affiliates (collectively, "Morgan Stanley"). Neither Morgan Stanley nor any other party (including without limitation any calculation agents or data providers) makes any representation or warranty, express or implied, regarding the advisability of purchasing this product. In no event shall Morgan Stanley have any liability for any special, punitive, indirect or consequential damages including lost profits, even if notified of the possibility of such damages. The index is the exclusive property of Morgan Stanley. Morgan Stanley and the index are service marks of Morgan Stanley and have been licensed for use for certain purposes. Neither Morgan Stanley nor any other party has or will have any obligation or liability to owners of this product in connection with the administration or marketing of this product, and neither Morgan Stanley nor any other party guarantees the accuracy and/or the completeness of the index or any data included therein.

No purchaser, seller or holder of this product, or any other person or entity, should use or refer to any Morgan Stanley trade name, trademark or service mark to sponsor, endorse, market or promote this product, without first contacting Morgan Stanley to determine whether Morgan Stanley's permission is required. Under no circumstances may any person or entity claim any affiliation with Morgan Stanley without the prior written permission of Morgan Stanley.

In calculating the performance of the index, Morgan Stanley deducts, on a daily basis, a servicing cost of 0.50% per annum. This reduces the positive change or increase the negative change in the index level and thus decreases the return of any product linked to the index. The volatility control calculation applied by Morgan Stanley as part of the index's methodology may decrease the index's performance and thus the return of any product linked to the index. In addition, because the volatility control calculation is expected to reduce the overall volatility of the index, it will also reduce the cost of hedging certain products linked to the index.

Strong MYGA rates

New business guidelines

Interest rates and interest credit factors (“rates”) can change after we receive applications and before we receive the premiums. In order to qualify for a rate hold, the following must occur:

- Must receive premium within 60 days of application signed date.
- Rate will be based on more favorable rates between* application signed date and premium received date.

If the 60th day falls on a weekend or holiday, the premium must be received on the business day before the weekend or holiday.

*Rate hold only applies for the first guarantee period.

FOR FINANCIAL PROFESSIONAL USE ONLY. NOT TO BE USED FOR CONSUMER SOLICITATION PURPOSES.

Sammons Financial® is the marketing name for Sammons® Financial Group, Inc.'s member companies, including North American Company for Life and Health Insurance®. Annuities and life insurance are issued by, and product guarantees are solely the responsibility of, North American Company for Life and Health Insurance.

Insurance products issued by North American Company for Life and Health Insurance®, West Des Moines, Iowa. Product and features/options may not be available in all states or appropriate for all clients. See product materials for further details, specific features/options, and limitations by product and state. The NAC Guarantee PlusSM is issued on base contract form ICC21-NA1016A/NA1016A or appropriate state variation including all applicable endorsements and riders. 1. Rates are current as of publication date and are subject to change at any time. Rate may vary by premium band and guarantee period selected. 2. A surrender during the surrender charge period could result in a loss of premium. Surrender charge structures and periods may vary by state. Surrender charges and market value adjustment may reset with renewal. 3. Under current law, annuities grow tax deferred. An annuity is not required for tax deferral in qualified plans. Annuities may be subject to taxation during the income and withdrawal phase. Please note neither North American nor any agents acting on its behalf should be viewed as providing legal, tax or investment advice. Consult with and rely on your qualified advisor. 4. Withdrawals taken prior to age 59 1/2 may be subject to IRS penalties. 5. Included for all issue ages. Not available in all states. Please contact your financial professional for state availability.
